

XIth International Earth Science Olympiad – IESO France 2017, August 22-29
... standing on the Earth, gazing at the Planets !

Join us for IESO 2017 in France

Already 25 countries would attend IESO 2017 ... and you ?

...Let us know asap ! we will plot your country on this map !

Contact :
ieso2017@geoazur.unice.fr

Registration for IESO will begin in January 2017

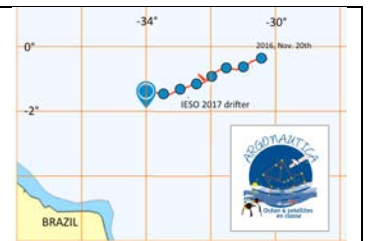

Where is IESO2017 drifter :

Our drifter (see newsletter # 3) pursues its way in the Southern hemisphere in the equatorial zone.

The buoy is drifting to the South West since 20/11/2016, when our skipper 'Kito de Pavant' has launched it.

Unfortunately our skipper had to give up the race after breakdowns on his sailboat.

When snow covers our Alps mountains for winter :

Antibes city in front, snowy mountains in the back

HoHoHo arrival in Nice – Promenade des Anglais !

Researchers and Teachers hand in hand for Education.
 One of our flagship project : *EduCosmos*

EduCosmos is a project that allows high- and medium-school students to participate in the scientific research carried out at the Observatory of the Côte d'Azur (OCA, Nice, France).

The students perform astronomical observations remotely, using a 1-meter telescope located at the Plateau de Calern (alt. 1280m), 60 km away from Nice.

The observations carried out by the students are part of a scientific project led by the OCA scientists.

More information can be found in <http://www.educosmos.org>

Thanks to our IESO 2017 partners :

Parlez vous français (*do you speak French*) ?!

Before attending IESO 2017, learn some usefull words in French !

Christmas time :

The **thirteen desserts** are the traditional dessert foods used in celebrating Christmas in the Southern France. The "big supper" ends with a ritual 13 desserts, representing Jesus Christ and the 12 apostles. The food traditionally is set out Christmas Eve and remains on the table three days until December 27

Joyeux Noël et bonne année. Rendez vous l'année prochaine, pour les IESO en France

Happy Christmas and happy new year. See you next year for IESO 2017 in France.
