Calls for 3IA affiliate chairs 2020

January 29th, 2020

Hosted by Université Côte d'Azur, the 3IA Côte d'Azur brings together the site’s main players in artificial intelligence, CNRS, Inria, Inserm, Eurecom, Mines ParisTech and Skema Business School around four scientific axes: Core Elements of AI (statistics, statistical learning and deep learning); AI for Integrative Computational Medicine; AI for Computational Biology and Bio-inspired AI; and finally AI for Smart and Secure Territories. The four missions of the institute are research, education, innovation and outreach activities.

The 3IA Côte d'Azur is launching its first call of applications for 3IA affiliate chairs. Affiliate Chairs are awarded by 3IA Côte d’Azur for two years and are necessarily proposed by a 3IA chairholder to contribute to its own research project. An affiliate Chair is a researcher with a PhD working in a private company, dedicating a part of his/her time to the 3IA – typically 10% or 20% – and co-supervising PhD students, giving lectures and having access to the research laboratories.

The application to be sent to 3ia@univ-cotedazur.fr before the deadline indicated in the calendar in appendix will include:

- curriculum vitae (max. 5 pages using 10 pt fonts and standard A4 margins),
- research project (max. 2 pages using 10 pt font and standard A4 margins), indicating contribution to 3IA Côte d’Azur research axes,
- commitment letter mentioning that the candidate will dedicate between 10% and 20% of his time to the 3IA Côte d’Azur,
- supporting letter of a 3IA chairholder, or head of a research group or laboratory in the 3IA perimeter,
- supporting letter of the applicant’s employer.

Calendar of the 3IA affiliate chair call

dissemination January 29th, 2020
Call 1
deadline March 13th, 2020
arbitration April 13th, 2020
starting between October 1st and December 31st, 2020
Call 2
deadline April 3rd, 2020
arbitration May 6th, 2020
starting between October 1st and December 31st, 2020
