Master of Science (MSc) MUSIC SCORING FOR VISUAL MEDIA AND SOUND DESIGN

Writing music for pictures is an inspiring and exciting job that lets your ideas and emotions flow freely. But it is at the same time a very demanding activity, which requires a very precise technical know-how and skills.

The MSc Music Scoring for Visual Media and Sound Design offers a national and international advanced education of excellence that will develop your crafts and art of composing, orchestrating, editing and mixing music for the screen.
